Town & Country Callings.

—Mr. J. A. C. Blackwood, of Blackwood, was in town on Monday.

—Mr. James Scott has been on a short trip to the Touchwood district. He returned at the beginning of the week.

—Mr. J. A. Cowan visited Winnipeg last week end, returning on Monday morning. He left again on Wednesday for Regina.

—Mr. G. S. Davidson, M.L.A., left for Regina on Wednesday morning's train on business in the interests of his district.

—William McKinley, Sr., father of Major McKinley, author of the famous tariff bill, died at Canton, Ohio, on the 24th ult., aged 82.

—The baptismal service which should have been held on Thursday last, was postponed owing to the non-attendance of the Rev. Mr. Poshman.

—Mr. John Hart, the popular driver of the Prince Albert stage in days gone by, has come up from Manitoba, where he has been working, and is staying at Qu'Appelle.

—Divine service will be held in the Presbyterian Church on Sunday next at 11 o'clock in the morning and 7 in the evening. There is prayer meeting every Thursday evening at 7.30.

—Dr. J. W. Kemp, of Indian Head, has been elected vice-president of the Medical Association. He has just returned from the examinations at Calgary, where he has been very successful.

—The Minister of Public Works has notified Mayor Bentley, of Lethbridge, that the erection in Lethbridge of a court and customs house, at the cost of \$20,000, will be proceeded with at once.

—Mr. and Mrs. Hall, of Round Plains, accompanied by their son, arrived from Regina on Thursday last. In the drive down they encountered some severe weather, but were fortunate in securing shelter during the worst of the storm.

—A dance took place at the home of Mr. Hugh McMillan on Thursday night, and there was a good gathering despite the unfavorable weather. Those who drove out from town returned the following morning, after spending an enjoyable time.

—Many were the expressions of sympathy for the bereaved family of Mr. C. F. Church, traveller for Sanford & Co., Winnipeg, who was frozen to death near Macleod, particulars of which will be found in another column. Mr. Church was well and favorably known here by many who came in contact with him during the long time he has travelled over the road.

—The Royal Commission on Liquor Traffic, consisting of Judge McDougall and Rev. Dr. McLeod, of Toronto, have finished taking evidence in Canada. They have met at the principal places from Montreal to the coast, and will shortly visit Pasadena, California, where prohibition has been in force for years. After seeing how it works there, they will proceed to Kansas, en route to Toronto.

—Those of our readers who for want of a bank are obliged to store their money, plate, jewelry, and other valuables at home, will be pleased to learn of the organization of a company in Montreal that will insure its patrons against losses by burglaries. The originator of the company was Jno. A. Grosse, of the Canadian Secret Service Agency of Montreal, and branches will be established in different towns in Canada.

—The Crimean veteran whose passing through here we mentioned last week, had an adventure at Grenfell that resulted in the wanderer getting a good help on his journey. He was found lying on the prairie in an exhausted condition on Sunday afternoon by Mr. D. McEwan, who took him to town and had him attended to at the Granite Hotel. Two Scotchmen, in sympathy for a fellow countryman took his case in hand, and procured sufficient means to pay his way to Winnipeg, and to provide him with means of subsistence for some time.

—On Thursday last, before A. M. McLane and J. P. Beauchamp, Justices of the Peace, Norman McDougall, of Fort Qu'Appelle, was charged at the instance of Constable Holmes with cruelty to his horses on the night of the 11th ult. The information stated that the defendant left his horses tied at Qu'Appelle Station exposed to the weather, without food or drink, from 4 p.m. of the 11th ult. until 7 a.m. of the 12th ult., when they were taken in charge by the police. The defendant pleaded guilty, and stated that the horses ran away and he could not find them. Judgment was reserved, the defendant promising to appear when called upon.

DR. PRICE'S Cream Baking Powder.

The only Pure Cream of Tartar Powder—No Ammonia; No Alum.
Used in Millions of Homes—40 Years the Standard.

—Miss Gordon, of Regina, who has been here visiting Mr. and Mrs. J. H. Boyce, returned home on Wednesday morning.

—The roads are getting settled down after the storm, and sleighing will soon be good, although we heard of several teamsters getting stuck amongst the drifts in the first attempts to break a road.

—James English was the first passenger from Qu'Appelle Station to take advantage of the cheap excursions advertised by the C.P.R. to Ontario, Quebec, and the Maritime Provinces. He went to Palmerston, Ont., on the morning of the 29th.

—Mr. James Scott has disposed of his running mate "Thankful" to Mr. McCracken, of Pense, for a good round sum. Thankful will be put into training by her new owner, and entered in the races of the Regina Turf Club next season.

—Local curlers are happy in the anticipation of soon being able to enjoy their favorite game. For some days past men have been employed in preparing the rink for the winter, and the work of flooding it is now being proceeded with.

—The voting at Fort Qu'Appelle on the by-law to grant a bonus of \$20,000 to aid in the construction of the Wood Mountain and Qu'Appelle railway resulted in 126 being cast for and 7 against it, thus giving a majority of 119 in favor of the by-law.

—Those who were on the look out for the much-talked-of comet will have been disappointed that it has not made its appearance. The thought of a collision with the earth was very seriously entertained by many, and they awaited its appearance with much anxiety.

—The Illustrated Church News says there is a rumor that the bishopric of Qu'Appelle will be filled by another son of the British peerage. St. John's College, which was founded by Bishop Anson, will be kept up by subscription until the arrival of the new bishop, who will decide whether it shall be maintained or permanently closed.

—Mr. C. T. Speers, official organizer of the Order of Railway Telegraphers, is making a tour of the main line of the C.P.R. and branches between Winnipeg and Swift Current with the object of promoting the interests of the order. He was in Qu'Appelle on Saturday last, and proceeded west to Regina by Sunday morning's train.

—MASONIC.—At the last regular communication of Qu'Appelle Lodge No. 34, A. F. & A. M., held on Tuesday evening, the following brethren were elected to office for the ensuing year:—Bro. J. A. Cowan, W.M.; Bro. Arthur Webster, S.D.; Bro. Fred Bell, J.D.; Bro. J. P. Jones, Chaplain; Bro. Jas. Smith, treasurer; Bro. D. S. McCannell, secretary.

—A terrible gunning accident occurred at Killarney, Man., on Saturday last. Two boys named Samuel Arscott and Wm. Kelloway, aged 9 and 11 years respectively, were playing with a gun. Arscott was looking into the barrel when Kelloway not knowing it was loaded pulled the trigger. The top of the child's head was blown off and he died instantly.

—A service of intercession on behalf of missionary work was held on Tuesday evening at St. Peter's Church, followed by a missionary meeting. The Rev. H. S. Akhurst, after a few words on the need of greater local interest in this work, read the report of the speech made at the Folkestone Church Congress by Bishop Smythies, of Eastern Equatorial Africa, whose headquarters are at Zanzibar. The speech very ably described the methods of work adopted by him and his helpers, and was very full of interest throughout. We hope that these meetings will be continued at regular intervals, and that the attendance at them will increase.

—A Qu'Appelle correspondent to the Free Press writes: The Rev. J. P. Sargent, accompanied by Mrs. Sargent, has come into residence at St. John's College, where he will remain as acting principal until the new bishop is appointed, and arrangements have been made by him for a permanent appointment. Mr. Sargent has been appointed by the Bishop of Rupert's Land (our metropolitan) to be his commissary during the vacancy of this diocese. It is noticed that your Regina correspondent says it is expected that the new bishop will live there. This evidently is a case where the wish is father to the thought. Since

no appointment has been made, the future bishop can hardly have even entertained the question as to where he is to live.

—On Wednesday afternoon St. Peter's Pro-Cathedral was the scene of an interesting marriage ceremony, the contracting parties being Mr. Ernest John Paine and Miss Charlotte Elizabeth Skinner, daughter of Mr. G. R. Skinner. The event brought together a large number of people, the church being well filled. The service was commenced by singing the hymn "The voice that breathed o'er Eden," Miss Boyce presiding at the organ. The bride, who was prettily attired in cream cashmere, was given away by her father. Miss Mary Talbot acted as bridesmaid and the brother of the bridegroom was groomsmen. The Rev. H. S. Akhurst tied the nuptial knot. The wedding party left the church amid the combined music of the organ and the ringing of the bell.

GRENFELL.

A concert was given last Friday evening by the pupils of the Grenfell Public School. Despite the storm the hall was well filled. The programme consisted of readings, recitations, dumb-bell exercises, club swinging, etc. The children did credit to themselves and their teacher, Mr. McLeod, who justly looked proud of his little flock. We would like to make special mention of some of the young performers, but where all did so well it would scarcely be just to mention one or two. If the future gives us what the present promises, two at least of Grenfell's young ladies will be eloquentists that any town might be proud of.

Revival meetings are being held in the Methodist Church here this week.

The storms of last week have made the roads almost impassable in some places. On Saturday, it took one of our farmers from ten o'clock in the morning until half-past three in the afternoon to come to town with a good team of horses and a sleigh. The distance is only about six miles.

Skating on the dam seems to be the favorite amusement with the young folks, these fine moonlight nights. The rink seems to get the go-by. What is the matter, Parry?

Notices are posted up around town, calling for a meeting of the citizens on Saturday evening next, for the purpose of electing trustees for the Grenfell Brass Band, and other business in connection with the band. The band is one of our institutions that every citizen should be proud of, and we hope there will be a good attendance at the meeting.

Don't forget the debate on Friday evening (Dec. 2nd) under the auspices of the Mechanics' Institute and Literary Society. Subject: Has the North-West been successful? Everybody welcome. No admission fee.

Mayor Garratt wears an expansive smile these days. His new hall is completed and he is now ready to book engagements for concerts, lectures, tea-meetings, etc.

One of our young ladies had her foot frozen one evening last week while skating. She must have had very agreeable company as she did not know it was frozen until after she got home.

BIRTH.

Amas—On Saturday, the 23rd ult., the wife of Mr. Frank Amas of a daughter.

MARRIAGE.

PAINE—SKINNER—On Wednesday, the 30th ult., at St. Peter's Pro-Cathedral, by the Rev. H. S. Akhurst, Mr. Ernest John Paine to Miss Charlotte Elizabeth Skinner, daughter of Mr. G. R. Skinner, of Qu'Appelle Station.

SCHOOL EXHIBIT FOR THE WORLD'S FAIR.

A circular has just been issued by the Board of Education with reference to the North-West school exhibit at the World's Fair. It is desired that each school shall send specimens of its work to the Education Department, Regina, not later than 1st February, 1893. In order to secure uniformity and facilitate binding, etc., foolscap paper will be furnished by the department on application. Competent examiners will inspect all specimens and select those that will best exhibit the work done in the schools of the Territories. Each teacher is expected to choose such subjects and such treatment of these subjects as may seem best fitted to represent the work of his school. Each specimen exhibited should be such as the teacher would consider a fair

sample of the pupil's daily work. It should neither be the pupil's first crude draft, nor a carefully corrected and improved one made by the teacher and copied by the pupil—rather an improved draft made by the pupil himself after a careful study of his first one. It is not expected that any school will attempt all the kinds of work mentioned in this circular, nor is it desirable that exercises should be confined to the sample's suggested. For instance, under the heading "Composition," it must be understood that the topics there named are merely samples and suggestions, and that choice is in no way limited to these. The work on each page should be prepared with due regard to balance.

A STRANGE CHARACTER.

Living amongst the half-breeds and Indians at Fort Ellice, or wandering amongst the natives far up the Assiniboine, in the vicinity of Fort Pelly, there is a very odd but excellent man, who acts unlike all other men. He belongs to some religious order, and is a native of France; he is well educated and is even now possessed of a manner and polish that would grace a court. He has become an old man and the greater portion of his life has been devoted to the improvement of the wild native population of the North-West. After the manner of a hermit he lives in a rude log hut in the woods on the shores of the Assiniboine. Understanding the language of the natives, he instructs them in matters of religion, visits them in their sickness, relieves their necessities, teaches them the arts of civilization, instructs their children, stands by the deathbed of the departed, and devotes his whole time and energies to the welfare of the native people amongst whom he resides. At one time his field of labor was in the country much further west, and when there he had become possessed of some horses and cattle. On moving to occupy his present station near Fort Ellice, he left all his stock to others, even his house and rude furniture, reserving only the pony on which he mounted and rode away to his new field of labor. He must have a private income from some source, although he makes no display and seems as poor as those he lived amongst, but when any of those to whom he is devoted get into difficulty, he often buys a cow or a horse from the man who is in trouble, and usually leaves the animal with the person from whom he made the purchase. If the truth were known there is little doubt but there is a stirring romance connected with the history of this singular individual. When publishing a paper at Birtle, we often met the old man and were delighted and astonished by his conversation, admired his self sacrifice and benevolent humanity and were instructed by his example.—*Pilot and Sentinel.*

TRAIN ROBBERY.

SEATTLE, Nov. 25.—The west-bound train on the Northern Pacific railroad was held up last evening near Hot Springs by three masked men, who robbed all the male passengers in the Pullman sleepers Wadena—six in all. The robbers entered the car, without doubt, at Hot Springs for the train had not gone far over five miles before the men entered the rear part of the car. The first man they tackled was E. H. Miller, of Portland, Oregon, who was in the smoking compartment. He was relieved of \$10 and a gold watch and then told to march in ahead of the robbers which he did. One of the highwaymen walked to the farther end of the car, the other stood about the middle and the third remained at the end they entered. All were dressed in dark clothes, overcoats, black slouch hats and wore handkerchiefs over their faces with holes cut out for eyes. They placed revolvers to the head of each passenger and commanded them to hold up their hands, which they did. The Pullman conductor and porter were also robbed. As the robbery was going on, S. J. Freedman, of Portland, came in from the next car to the one where the robbery was going on. As he entered not knowing what was going on, he was commanded to hold up his hands, but not complying quickly enough, the nearest robber shot through the side of the car. Then Freedman understood what was wanted. They did not molest ladies, of whom there were four, with two children, telling them to keep still and no harm would come. This they did. After robbing everybody in this car and without going to any other, they pulled the bell cord, giving the proper signals, and when the car had stopped, pulled the bell cord to start again and then jumped off and fled to the woods, firing a parting fusillade as they went.

CHOPPING DONE

FOR one month on Mondays and Tuesdays in each week at the Old Police Barracks.
A. H. R. SPEERLING.

Homestead Regulations

All even numbered sections of Dominion Lands in Manitoba or the North-West Territories, except 8 and 26, which have not been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homeesteaded by any person who is sole head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, (Ottawa), or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:

1. Three years' cultivation and residence, during which period the settler may not be absent for more than six months in any one year without forfeiting his entry.
2. Residence for two years and nine months anywhere within two miles of the homesteaded quarter section, and afterwards actual residence in a habitable house upon the homesteaded land for three months next prior to application for patent. Under this system 10 acres must be broken the first year for entry, 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year, and 15 acres the third year.
3. The five years' system under which a settler may reside anywhere for the first two years (but must perfect his entry by commencing cultivation with six acres the after the date thereof) breaking five acres the first year, cropping three acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT may be made before the local agent, any homestead inspector, or the intelligence office at Indian Head or Qu'Appelle Station. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands of his intention to do so.

INTELLIGENCE OFFICES are situated at Qu'Appelle Station and Medicine Hat. Newly arrived immigrants will receive at any of these offices information as to the lands that are open for entry, and from the office in charge, free of expense, advice and assistance in securing lands to suit them.

A SECOND HOMESTEAD may be taken by anyone who has received a homestead patent or a certificate of reconveyance, and who has not previously received a homestead patent for land in the Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa; the Commissioner of Dominion Lands, Winnipeg; Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

A. M. DUMFRIES,
Dep. Min. of the Interior.
